## CAREER OBJECTIVE

Aspiring Java Developer and Computer Science and Business Systems graduate with hands-on project experience building secure, full-stack applications. Combines strong object-oriented programming and database fundamentals with real-world front-end internship exposure, and is eager to contribute to backend/full-stack teams while continuing to grow as a developer.

## TECHNICAL SKILLS

**Programming Languages:** Java, JavaScript, SQL

**Web Technologies:** HTML5, CSS3, Bootstrap, React.js, Responsive Web Design

**Databases:** MySQL, MongoDB

**Version Control & Tools:** Git, GitHub, VS Code, IntelliJ IDEA

**Cloud & DevOps (Basic):** AWS (EC2, S3 Basics), Docker

## PROJECTS

### Online Secure Test Conductor Website

*Java, Spring Boot, SQL, HTML/CSS/JS*

- Engineered a full-stack online examination platform in Java and Spring Boot, implementing secure authentication, session management, and role-based dashboards for admins and users.
- Designed a dynamic question-rendering engine with automated evaluation and optimized SQL schema/queries, reducing result-processing time and ensuring data consistency.
- Hardened the application against common vulnerabilities through input validation, access-control checks, and structured exception handling.

### AI-Based Smart Business Analytics System

*React.js, Java, Spring Boot, SQL/MongoDB*

- Built an AI-powered analytics platform that transforms raw business data into actionable insights through interactive, real-time dashboards.
- Integrated the Google Gemini API to auto-generate intelligent summaries and answer natural-language queries over business data.
- Architected scalable REST APIs with Spring Boot to power data-driven reporting and support faster business decision-making.

## INTERNSHIP EXPERIENCE

### Software Engineer Intern — Gentrobyte AI Labs

*Oct 2025 – Mar 2026*

- Built responsive web interfaces and reusable UI components using React.js, HTML, CSS, and JavaScript, improving consistency and maintainability.
- Integrated frontend with REST APIs and collaborated with backend developers to deliver features and optimize UI/UX.

### Frontend Developer Intern — ICANIO Technologies

*Mar 2026 – Apr 2026*

- Developed UI components with React.js and JavaScript; debugged and resolved UI issues to strengthen frontend fundamentals.

### Frontend Development Intern — Kevell Group of Technology

*Aug 2024 – Sep 2024*

- Converted design requirements into responsive, cross-device web pages using HTML, CSS, and JavaScript.

## EDUCATION

**B.Tech, Computer Science and Business Systems** — SSM Institute of Engineering and Technology 2022 – 2026

CGPA: 7.8 / 10

**Higher Secondary Certificate (HSC)** — MSP Solai Nadar Memorial Higher Secondary School

2022

Percentage: 70%

**Secondary School Certificate (SSLC)** — MSP Solai Nadar Memorial Higher Secondary School

2020

Percentage: 76%

## SOFT SKILLS

Analytical Thinking • Problem Solving • Team Collaboration • Communication • Adaptability • Continuous Learning
